SELECTED EXPERIENCE

Programs buyers can evaluate.

GOVERNMENT / PARKS SECURITY

Southgate Recreation & Park District

Need. A multi-site public parks program needs visible field presence, consistent patrol execution and reporting leadership can review.

CPO response. Mobile patrol across assigned locations, client-directed priorities, electronic patrol-tour documentation and supervisory review.

Accountability / result. CPO's July 2026 program reporting recorded 449 patrol-tour stops, providing a documented view of field activity and coverage delivery.

GOVERNMENT / MUNICIPAL UTILITIES

City of Sacramento Department of Utilities

Need. Distributed public utility locations require consistent armed patrol coverage, visible field presence and clear documentation across multiple sites.

CPO response. Armed mobile patrol across assigned utility locations, client-defined site checks, covered-window response and structured field reporting.

Accountability / result. CPO provides armed patrol coverage for City of Sacramento Department of Utilities locations with documented patrol and incident activity for client review.

HOA / APARTMENT SECURITY

Sacramento multifamily community

Need. Residential management needs after-hours presence for trespass, parking, nuisance and access concerns without a continuously staffed post.

CPO response. Property-specific patrol routes, approved rule support, client-directed response and documented observations.

Accountability / result. The operating model gives management a repeatable presence and electronic record for incident review and follow-up.

MOBILE PATROL / COMMERCIAL PROPERTY

Sacramento commercial property patrol

Need. Commercial sites need meaningful after-hours checks without the cost of a fixed guard for every closed-hour window.

CPO response. Scheduled and randomized exterior checks covering suspicious activity, trespass, lighting, fire, water and other visible property conditions.

Accountability / result. Each completed patrol produces a traceable service record so management can verify activity, review exceptions and adjust priorities.

PROCUREMENT READINESS

Post orders • patrol verification • electronic reporting • incident escalation • field supervision
